WOMEN'S REFUGE

Family Action provides a women's refuge for victims who are urgently seeking safety. Each case is assessed and a safety plan created with you. We have strong links with the women's refuge collective and if needed, can refer you on to ensure your safety needs are met.

OUTREACH

Our Outreach team supports all people in crisis who are experiencing family violence. We provide a caring and confidential place where you can talk about issues in your relationship and the violence or abuse that you are experiencing or have experienced.

Your needs and wishes will always be respected by us. The care and safety of you and your children is our priority.

COUNSELLING

Family Action provides counselling for women, children, couples and families who have experienced family or sexual harm, abuse, or trauma. You and your family's needs are our primary concern. We have an open referrals system. You are welcome to call our client liaison staff to complete a referral.

ECHO

Echo provides counselling support for children and youth from the age of 5-years old through to 24-years old. Our services include counselling, group programmes and mentoring.

SEXUAL HARM CRISIS SUPPORT

Family Action specializes in providing free and confidential support in West Auckland for adult survivors of sexual harm and their family/whanau.
